

Dear Jane:

Welcome to the Mt. Diablo Chapter of ARMA!

On behalf of our Board of Directors and your fellow professionals in the East Bay, I would like to welcome you to our chapter. Your decision to become a part of our chapter indicates that you are a records and information management professional who is interested in interacting with your peers, from a wide range of industries, to learn and share ideas and concepts in the field. We always enjoy everyone from Access!

I want to make sure you get the most value from your ARMA membership. Sure, you'll receive many national benefits, like your subscription to the Information Management magazine, the invaluable content for professionals at www.arma.org, or invitations to web seminars on topics that are as timely as they are informative. But, there's more to your membership than just the national benefits.

Your national benefits are only part of the total membership picture. We want to make sure you take full advantage of your local membership benefits as well... like our annual Spring Seminar, monthly meetings and the valuable education workshops presented by our colleagues on special topics.

Be sure to add <http://armamtdiablo.org/index.html> to your favorites. Click on the link and check out our Board Room, Contacts and Events (previous). Last night we had our last monthly meeting for fiscal year 2014-2015. We will resume our meetings in September 2015. Please mark your calendar. Typically, we schedule them the fourth Thursday of the month, in Walnut Creek, CA. If you have any questions or want to discuss anything, feel free to contact me.

We look forward to seeing you at our monthly programs, starting in September. Have a wonderful summer!

Sincerely,

Stacey English

ARMA-Mt. Diablo, Membership Director
